Introducing Cyber Suite

Cyber and Security Coverages For Psychiatrists
Psychiatrists who maintain confidential patient / employee information have a responsibility to safeguard that data. With data breaches and cyber attacks becoming increasingly common, having the right cyber protection in place is critical. We offer Cyber Suite, a comprehensive coverage endorsement with multiple layers of insurance defense against the complex, ever-evolving cyber risks that psychiatrists face every day.

Highlights Of the Endorsement Coverage:
• Data compromise response expense - provides the resources to respond to a breach of personal information.
• Computer attack - provides resources to respond to a computer attack.
• Cyber extortion - responds to an extortion threat.
• Data compromise liability - provides defense and settlement costs in the event of a suit related to a breach of personal information.
• Network security liability - provides defense and settlement costs in the event of a suit alleging that a system security failure on the part of the insured caused damage to a third party.
• Electronic media liability - provides defense and settlement costs in the event of a suit alleging that the insured infringed on a copyright or trademark, defamed a person or organization, or violated a person’s right to privacy.
• Identity recovery - provides owners of the insured practice with case management service and financial resources to recover control of their identities after an identity theft.

Risk Management: Access to eRiskHub®, a risk management portal designed to help psychiatrists prepare and respond effectively to data breach and cyber attacks.

Other Services:
• Access to “My Tech Support” which offers FREE computer diagnostics by phone and competitive rates for virus removal, technical assistance and related digital security services.
• Access to experts in recovering from cyber extortion and data breaches.
• Process to request case management services and submit expense reimbursement claims.

Claims: managed by experienced and dedicated cyber claim specialists with industry knowledge.
