Here's what Psychiatrists are saying about the Risk Management services they receive.

24 HOUR HELPLINE

"Thank you so much for the follow up email and information! I tried to research [the topic] online and couldn't find anything related to [my state]. I really appreciate how helpful you have been during this time."

"I'm grateful... There are way too many concerns that I can foresee keeping me awake at night. You made that decision an easy one."

INFORMATIVE AND TIMELY WEBINARS

"You did a great job on that webinar. It was [appreciated] that you emphasized reporting to help the impaired practitioner, [rather than being] punitive [in order] to rid the organization of the "malignant" person. It was one of the best webinars on the topic."

"This is a timely presentation. The [topic is] so relevant to the quality of patient care. This talk should be given more broadly to health care professionals."

RISK MANAGEMENT RESOURCES

"I appreciate the research you did to give me clear answers to the questions I asked and for putting the information together in a way that I could understand and refer back to as needed. I will follow up on several of your suggestions and will have a much smoother path because of the direction you have pointed out."

"Thank you so much for your email. It was extremely informative and helpful and will be so useful to me as I formulate a plan for my practice."

APA DISTRICT BRANCH PRESENTATIONS

"Thank you (and APA, Inc.) so much! The meeting was highly successful. I have gotten so many wonderful emails and everyone found your presentation super informative."

"Thank you for a high-quality presentation, yet again."
